## EXPERIENCE

- TheOnlineCo.** 08/2018 - 03/2021 SEO
- Focussed on technical SEO, optimising sites to improve load speeds and usability.
  - Worked mainly on WordPress but learnt to use other platforms dependent on the client to help optimise and rebuild their websites.
  - Implemented custom code, modified themes and created plugins, adding functionality to WordPress and/or enabling the team and clients to better use the sites.
  - Was the go-to for any technical issues coming up with sites, finding problems and solving errors.

- Webstartup** 07/2015 - Present Web Developer
- Designed and built custom and WordPress sites for clients.
  - Created custom code, modified themes and built plugins to add functionality to solve client needs.

- Peach Software** 04/2014 - 07/2014 Customer Support
- Took calls from clients to remotely help resolve issues with networked devices or the company's software.
  - Helped maintain client's databases in the software.

**Myer** 09/2012- 12/2012 Christmas Casual

**Toys R Us** 2005 Work Experience

## OTHER EXPERIENCE

- Marist 180** 2015
- Created a website for selling and advertising products, providing an extra way to reach customers.
  -

- Benefit Direction** 2015
- Helped build a prototype business social platform.
